

Data Sheet

Liquid heat sink UEWK-CU-64-64

Features:

- High cooling performance due of Copper material
- Constant tube -> no air flow changes
- Cooling performance stays constant
- Minimized pressure loss through cooler
- Maximum cooling performance beginning with 0,3l/h

Specification:

- Weight: ~305g
- Dimension without terminals: (lxbxh) 64x64x20 mm
- Dimension incl. terminals: (lxbxh) 64x64x40 mm
- Cooling area: 57x48 mm
- G1/4" fittings for 8x1 (= 8mm diameter inside- / 10mm diameter outside)
- Bottom module with pure copper and nickel coating (d=10mm)
- Housing with tough plastics
